CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, MONDAY, FEBRUARY 14, 1921

CENTS.

REST ROOMS AT BORO BUILDING TO RETURN TO FORMER SCHEDULE

Will Remain Open Until 11
p. m. as Soon as Arrange-
ments are Made

SHOULD APPRECIATE EFFORTS

Arrangements are being made by borough officials for the opening of the rest rooms in the borough building according to the schedule which was in effect when the building was first opened.

Some time ago it became necessary to close these rooms at 8 o'clock in the evening, because of the abuse to which they were subjected by those who used them, the hours being restricted, and instead of closing at 11 o'clock they were locked at 8 o'clock. At the last meeting of council, held Monday evening, February 7, it was decided by members that, possibly the public has learned a lesson because of the closing of the rooms, and it was decided that they should be kept open the regulation time, as soon as the necessary arrangements could be made.

At the direction of council, notices have been printed and will be posted in the rooms, and then they will be kept open on the original schedule, opening at 8 o'clock in the morning and closing at 11 o'clock at night. The retention of this schedule, however, will depend solely on the attitude of the public. If the rooms are taken care of as they should be they will be open until 11 o'clock; if the privilege is abused they will again be closed early in the evening.

The borough has gone to a great deal of expense to keep these accommodations open and clean for the benefit of the public, and the officials feel that these efforts should be appreciated. If they are not the privileges of the public in this respect will have to be restricted.

CHARLEROI HIGH TO PLAY NEW BRIGHTON

The Charleroi high school basketball quintet will journey to New Brighton, tomorrow evening, to meet the strong team from that place. Charleroi defeated the Beaver Valley boys on the local floor, after one of the finest rallies ever seen, in the fourth period of play, and are going to New Brighton with the firm intention of repeating that performance or a similar one. No one can deny the strength of the New Brighton players, and Charleroi will have its work cut out from beginning to end of the game. The next game on the local floor will be with Donora, next Friday evening, when a most spirited game is anticipated.

Every Sweetheart will be proud to display the flowers you send her on Valentine day, from Haube's. 211-13

VALENTINE SURPRISE PARTY WAS GIVEN

A Valentine surprise party was given on Friday evening, February 11, to Miss Esther Wayne, by the Junior Literary Club, at the home of Miss Ethel Lichter. The evening was spent in dancing and playing games, for which prizes were awarded. Later in the evening a dainty luncheon was served by Mrs. J. Lichter, assisted by Mrs. L. Collins. The home was tastefully decorated for the occasion.

CHARLEROI TEAMS WIN TWO GAMES

Two Charleroi teams came out victorious in basketball games in the High school gym Saturday night last. The first game between the Robertson Tornadoes and Monessen Townsends ended in a victory for the local team by a score of 21-20, Wagner for the Tornadoes being the main point getter with four field goals in the second half. The Townsends led through the most of the game and proved a worthy opponent for the speedy Robertsons, who have not met defeat this year.

The second game between Company A of Monongahela and the Charleroi team was a see-saw affair, first one team being in the lead and then the other, with Charleroi finally forging to the front and winning out by a score of 25 to 22, after a rough fourth quarter, during which excitement ran high. McManus of Company A was the best point getter for his team with five nice goals from the field, while Consonery, Charleroi's speedy little guard, led the home team with three from the field. A good sized crowd attended the games.

Score:
Charleroi—26 Company A—22
Girard.....F.....McManus
Duttine.....F.....Penta
Estaque.....C.....McManus
Consonery.....G.....Youngst
Kupjuweit.....G.....Higgins
Subs—McVaine for Duttine; Leonard for Kupp. Field goals, Girard 2, Estaque 2 out of 20; McVaine 3 out of 6; P. McManus 2 out of 6; E. McManus 2 out of 10. Referee, Yaros; time keeper, Daniels.

Tornadoes—21 Townsends—20
Mahoney.....F.....Cook
Duttine.....F.....Allison
Wagner.....C.....P. Piletti
Crytzer.....G.....Shafer
DeMarco.....G.....Dessent
Field goals, Duttine 2, Wagner 4; Cook 2, Allison 2, Piletti. Fouls, Cook 10 out of 17; Mahoney 6 out of 17, Duttine 3 out of 3. Referee, Yaros, timekeeper, Daniels.

NOTICE
Broken Hearts Mended Social February 14. Methodist Episcopal church. Everybody welcome. 8 p. m., 20 cents. 212-12

CASTOR OIL TOO MUCH FOR THIEVES

Castor oil proved an effective weapon in the fight of south-easter Greensburg women against milk thieves who have been operating for some time in that neighborhood. One housewife after another reported the theft of milk, until finally the women called an indignation meeting to devise ways and means of catching the thieves or stopping further depredations. Soon after the "council of war" the women started leaving their milk out on the porch with reckless abandon. The thieves reaped a vast—after a few days. Then the thefts ceased and the women smiled.

They said they had "doctored" the milk with the product of the castor bean. Now they leave their milk on the porch just as long as they want.

LOCAL RIVER IS LEADER IN TONNAGE

Traffic over the three great rivers of western Pennsylvania during January was lower than for some time, according to figures compiled by the United States Engineers. The decrease in river navigation is due to the general depression and because many of the coal mines on the upper Monongahela river are either closed or running part time. Many steamers owned by the different coal and sand companies are laid up undergoing repairs, in order to be ready for the spring and summer activities. The Monongahela river led in the way of tonnage, with a total of 1,438,777 tons of coal, 650 tons of coke, 200 tons of gasoline, 41,800 tons of gravel, 50,476 tons of sand and miscellaneous, 16,417 tons or a grand total of 1,546,320 tons.

QUEEN ESTHER CIRCLE WAS ENTERTAINED

The Queen Esther Circle of the Methodist Episcopal Church was entertained in the home of Miss Mary Welsh on Lookout avenue, Friday evening. The subject "The Church and the Community" was discussed by the leaders Mrs. VanDolsan and Miss Priscilla Murray. A vocal solo was rendered by Miss Edith Keys. The business of the circle was brought before the members and matters of importance were discussed, by the President, Miss Mattie Kelly. Following the business meeting, a very dainty lunch was served by the hostesses, Misses Mary Welsh, Edna Welsh, Elizabeth Allen and Helen Nelson, assisted by Mrs. Frank Welsh.

The Monday Musical club will meet at the home of Mrs. Fitch Wright on Washington avenue this evening. 213-11

Wednesday-Coyle Theatre-One Day Only

SPECIAL MAKES FAST RUN TO FAIRMONT

To perform an operation on Miss Ruth Phillips, daughter of John F. Phillips, of Fairmont, Dr. Stewart, the noted surgeon of Pittsburg, made a three-hour dash from Pittsburg to Fairmont over the tracks of the Pennsylvania and Monongahela railroads on a special train last Thursday evening. The special arrived in Fairmont at 11:40 and immediately upon its arrival Dr. Stewart went to the hospital and performed the operation. The time for the regular passenger schedule between Pittsburg and Fairmont is four hours and fifteen minutes. The special made only one stop and that was at Brownsville. It left there about 10 o'clock Thursday night.

P. H. C. VALENTINE SOCIAL A SUCCESS

The annual Valentine Social held by members of Charleroi Circle 308 P. H. C. Friday evening last was a grand success both financially and socially. The hall was filled to its utmost capacity with members and visitors.

After the regular lodge exercises the matching of valentines featured as a social event. Dancing and music concluded the program of this social event.

Out of town visitors were present from Donora, Monessen, Monongahela and Belle Vernon.

The membership is increasing rapidly under the direction of Mrs. Mary J. Schubert, local deputy in charge. Twelve new applications were proposed for membership and the initiatory degree conferred on ten members.

The Ladies' Banner Degree Team has been invited to onora and will attend in a body with many other members Wednesday evening, when they will put on the degree work and floor drill. The feature of this meeting will be a box social, given by the social committee of Donora circle. As many members as possible are invited to attend and those desiring to go will leave on the 7 o'clock train.

GRAY GIVEN HEAVY SENTENCE BY COURT

In court at Washington this afternoon, Osborne Gray was sentenced by the court to not less than 15 years and not more than 20 years to the penitentiary, for the murder of Gus Smith at the plate glass plant last fall. Gray entered a plea of guilty to second degree murder.

Don't wait until she reminds you. Send her flowers for a Valentine. See Haube. 211-13

MUSICAL PLAY TO BE GIVEN FOR BENEFIT OF LIBRARY FUND

GENEROUS AMOUNT IS CONTRIBUTED FOR RELIEF

The citizens of Charleroi on Sunday rallied to the call for funds to relieve the famine distress of the Near East and China. In the Washington Avenue Presbyterian church the sum of \$422.00 was collected for the cause, and the spirit of good will was evident. The money will be sent to the central committee in New York, from which place it will be distributed at once to the relief of the distressed.

CRIMINAL COURT OPENED TODAY

The trial list for the February term of criminal court, which convened at one o'clock this afternoon, was completed on Saturday by District Attorney Erwin Cummins. It is made up of cases in which true bills were found by the grand jury last week and other cases that were continued from the last term.

The list is quite large, but it is anticipated that it will be disposed of during the coming two weeks. It is interesting to note that there are only three murder cases, whereas for years there have always been from five to eight or ten at a single term. The number has been decreasing since the February term of a year ago.

On the list is the case against Osborn Gray, indicted for the murder of Gus Smith at the plate glass last fall. Word was received in Charleroi on Saturday last that Gray had decided to plead in court this morning, thus making it unnecessary for witnesses to attend court.

APPROVE CONSTRUCTION FOR BRIDGE AT ARDEN

Construction of a bridge over Chartiers creek at Arden was approved on Saturday by the grand jury, which completed its report to Judge J. A. McVaine and was discharged. Travel is quite heavy over the Arden and a new bridge was approved by the county commissioners. Work on its erection will likely begin early this spring.

EPWORTH LEAGUE TO HOLD RALLY

A Rally will be held by the Monongahela Sub-District of the Epworth League, in the Methodist Episcopal church at Monongahela, Friday evening, February 18, beginning at 7 o'clock. The program will open with a praise service, which will be followed by a number of interesting members.

Lola Elizabeth Vaughan.
Lola Elizabeth, infant daughter of Mr. and Mrs. Harry Vaughan, died Sunday, February 13, at 5:40 p. m. at the home of her parents, near Lynn's Grove. Funeral services Tuesday afternoon at 2 o'clock, interment Monongahela cemetery.

"Fi-Fi, or the Toy Shop" is the Selection to Be Presented

MARCH 16 AND 17 ARE DATES

Arrangements have been concluded for the presentation here, on the evenings of March 16 and 17, of "Fi-Fi, or the Toy Shop," a musical play, to be given under the direction of the John B. Rogers Producing Company, of Fostoria, Ohio. Over two hundred pupils of the high and grade schools will participate in the presentation, which is described as a most interesting work. It will be given in the high school auditorium and the proceeds will go for the development of the library in connection with the high school. "Fi-Fi" is said to be replete with pretty melodies, together with an artistic arrangement of attractive tableaux and various dances, all of which will be given with special stage equipment and spectacular effects. It had been the intention to present "Fi-Fi" on the evenings of March 17 and 18, but owing to the Masonic "Tourneau," which is to occur on the latter date, it was deemed advisable, in order to avoid a conflict, to readjust the dates. Fortunately, this was possible and March 16 and 17 finally decided upon.

PROPOSE TO PLACE TAX ON ALL ALIENS

A \$5.00 tax on each foreign born resident of the state who has not been naturalized, is proposed in a bill awaiting action in the legislature. Representative Samuel E. Wolfe, of Union county, introduced the bill.

All foreign born persons, both male and female, over 21 years of age, who have not taken out citizenship papers, will be subject to this tax, to be collected on September 15 of each year. The tax would be effective for the current year, and no person becoming a citizen between September 15 and January 1, 1922, would be exempt under the provisions of the bill.

If the measure becomes a law it is estimated that approximately \$3,750,000 will flow into the state treasury annually from this source. It is estimated there are one million un-naturalized foreigners in this state, according to census figures. Under the act one-fourth of the revenue would be returned to the county in which the payers of this tax reside.

William McKinley Robinson
At the Charleroi Monessen hospital, Sunday morning at 6:15, William Robinson, colored, aged 21. Death was due to pneumonia. Funeral services will be held Wednesday afternoon at 2 o'clock from the Metropolitan Baptist church, with interment in Charleroi cemetery.

JEWS FOR PALESTINE

Latest news in regard to the emigration of Jews to Palestine presents the proposition of "rebuilding Zion" in an altered aspect. In this country the proposition has been mostly looked upon as sentimental rather than practical. In consequence of the attitude of prosperous or fairly prosperous American Jews, it was expected to be difficult to induce many Jews to begin life anew in the far land of their ancestors. History itself tended to support this view. What the ten lost Tribes would have done if the opportunity to return to Samaria had offered can never be known, for after they were carried away by the Assyrians and "scattered" they were heard of no more, being doubtless submerged by admixture with other races. But when, about the year 535 B. C. the Persian conqueror Cyrus liberated the Jews who had been carried to Babylon by Nebuchadnezzar, only a part of them accepted the opportunity to return to their devastated homeland. In our own time comparatively few Jews were expected to seize the opportunity to live in their ancient homeland under British protection.

But it seems that the movement is already more extensive than was anticipated. We read that "all kinds of Jews want to go to Palestine, chiefly from Central Europe, Russia and Austria." Sir Alfred Mond, now touring the Near East, reports eagerness to such an extent that, failing other means of transport, Jews are actually walking from the Ukraine and drifting through Constantinople. Great numbers of young men are going, including university graduates. It is even said that "the difficulty is to restrain immigration until the land is more or less prepared for the new population." If these reports are reliable and the movement represents more than the persecuted of Europe, the time may be coming when Judea will once more be chiefly populated by descendants of the tribe of Judah, which, unlike the ten tribes of Samaria, has never, in spite of its vicissitudes, been lost to the view of historical chroniclers.

WHIPPING FOR BANDITS

Delaware is expected to be usually successful in checking the "crime wave," particularly in the case of criminals of the "bandit" type. Other States are employing long terms of imprisonment, often the longest terms the law allows, but Delaware is now employing the lash in addition, and if anything can put wholesome fear into the hearts of criminals that will do it. Forty lashes for robbery or attempted robbery on the highway or in a house, in addition to long terms of imprisonment, will make the desperadoes of the State think twice before they hold up a man or woman on the highway or break into a house to steal.

Delaware's whipping post has often been denounced as a relic of medieval barbarism, which it undoubtedly is, and its survival to this day is a remarkable fact. But whether it is approved or disapproved, it is admittedly effective. Native Delaware criminals coming from the outside have generally been careful to refrain from crimes that entail the whipping post list. Delawareans will sleep at night and walk lonely roads by day with less apprehensions. Whipping may be barbarous but it seems to beget a respect for law enforcement that nothing else will short of hanging.

Officials of the Franklin Automobile Company of Syracuse announce that during the last quarter of 1920 the Company advanced from nineteenth to seventh place in value of sales among American automobile manufacturers, and from twenty-second to tenth place in number of cars produced. All automobile companies, including Ford, were taken into consideration in this calculation.

LATEST POULAR SONG HIT

"Lonesome Butterfly" is budding into one of the most sensational song successes published in recent years. Its fascinating melody blends charmingly with a rare lyric telling a story that will never grow old, an actual experience of the composer who chanced to meet On the Great White Way the girl of his boyhood days. We print a few bars of the chorus of this great song, one of the most talked of at the present time.

LONESOME BUTTERFLY

Won't you smile once a gain, but-ter-fly.
Syt... Let your troubles and cares flutter
by... They say you are fra-vol-ous,
Gay and bold, still with it, all you've a
right, butterfly, there's a beautiful

This song is sweeping its way throughout the country owing to the enchanting rhythm and without a doubt will win great popularity. Phonographs and player pianos are featuring this number.

BRINGS ACTION TO RECOVER AUTOMOBILE

Hilary E. Wertz of Pittsburg has brought action in replevin against John Hulbert of Beallsville to recover possession of a Paige six-cylinder automobile. The plaintiff claims \$900 damages by reason of the retention of the car.

The plaintiff sets forth that he purchased the machine on November 16, 1920, at Greensburg. On November 23 the car was left at the defendant's garage for the purpose of repairing a damaged bearing. It appears that a dispute arose between the plaintiff and defendant over the charge made for the repair on the car. The plaintiff avers that he tendered the defendant what he considered a reasonable price for the repairs, but it was refused. It is alleged that the defendant has kept possession of the machine ever since. The plaintiff claims \$600 as the value of the car, and \$300 damages for the loss of the use of the same.

RELLE VERNON MAY GET FREE DELIVERY

A movement has been on foot for some time for bettering the mail service in Belle Vernon and North Belle Vernon. Inspector Robert Lewis was over the ground last week, and will make a recommendation to the postoffice department for free delivery.

It is announced that the new Anglican Book of Common Prayer retains in the marriage service the bride's to "love, honor and obey." What Mrs. Pankhurst, Mrs. Catt and Miss Paul are going to do about it is not stated.

Born—To Mr. and Mrs. Charlie Henry 1109 McKean avenue, February 10, a girl, Larutta Margaret.

frain from crimes that entail the whipping post list. Delawareans will sleep at night and walk lonely roads by day with less apprehensions. Whipping may be barbarous but it seems to beget a respect for law enforcement that nothing else will short of hanging.

BUILDING PROGRAM FOR UNIONTOWN THIS SUMMER

The most extensive building program in Uniontown since pre-war days is being mapped out for the coming spring and summer. Major items will be the new Uniontown hospital and improvements to the present hospital building at a cost of \$400,000 and a theatre to be erected by the Penn Amusement company at a cost of about \$500,000. Other building projects contemplated are expected to add considerably to the building activity of that city during the coming months.

FORMER RESIDENT DIES IN THE NORTHWEST

George W. Risbeck has received a telegram stating that A. P. Buckholt, Jr., a former resident of Charleroi, had died in Washington State. Mr. Buckholt lived here a number of years ago, moving from Charleroi to the northwest. He was a member of Charleroi Lodge No. 494, B. P. O. E. The body will be brought east for interment at Grove City, the former home of the family.

TOOK OVERDOSE OF STRYCHNINE TABLETS

Clyde Wheeler, railroad switchman, 36 years old of Brownsville, who was admitted to the Virginia hospital, in Richmond, Va., after being removed from a train in that city in an unconscious condition Wednesday night was restored to consciousness Thursday afternoon. He said he had taken strychnine tablets which had been prescribed for him and presumed he had taken an overdose.

INFORMAL DANCE AT NEMACOLIN COUNTRY CLUB

On Friday evening, February 18, an informal dance and reception will be held at the club house of the Nemacolin Country Club for the members and their guests. Hall's orchestra of Columbus, Ohio, will furnish the music for the affair.

'STRONG AS OX' AFTER GLAND TREATMENT

Says Animal Gland Tablets Worked Wonders

The other day a man walked into a downtown drug store and said that after feeling all run-down and tired-out for months he now felt "as strong as an ox" after taking Glandex Compound, the famous animal gland and iron tonic. And he is only one of thousands who seem to have found the secret of renewed health and strength in this new treatment.

Glandex Compound works on the same principle as the famous monkey gland experiments. It feeds our run-down glands which are said to be the cause of most run-down conditions. The reason so many of us grow old at forty and the reason men and women become anemic and run-down is because these little glands, which supply a secretion vital to the building up of the billions of cells in our muscles and nerves, become unable to do their work. So what could be more natural than to go to life itself and use extracts from the glands of healthy young animals to supply the substance needed.

Glandex Compound contains extracts from sheep and cattle glands combined with iron and is guaranteed to produce results that are entirely satisfactory in a very few days or the money will be refunded. Glandex Compound is for sale by druggists. The Glandex Company, Inc., 244 West 29th St., New York City.

WE WILL MEASURE UP

It was said of George Washington that the office of President of the United States was "out of his measure"—it fitted him better than any other man of his time.

The life of each of us is cut to our measure—it is up to us to recognize and live-up to its full capabilities.

This institution is doing its best to fulfill the purpose for which it came into being—to assist the people of this community, through the wise management of finances, to attain their full share of success.

On Washington's Birthday this institution is closed, to honor the memory of a great man who measured up to the work set out for him.

PUT FIGHTING QUALITIES IN YOUR BLOOD

If You Are Pale and Weak, Without Ambition, You Need a Tonic

TRY TAKING PEPTO-MANGAN

Rich, Red Blood Fights Off Disease And Keeps You Well and Enables You to Work With Pleasure.

Serious sickness often comes when you least suspect. You may feel a little over-tired. You haven't been exposed to contagion, yet all of a sudden you are flat on your back and

in for a siege of sickness.

Your blood did not have fighting qualities. It was weak and thin. Your vitality and powers of resistance were low.

When you overdo you use up energy. Your blood is driven to do more than it can. It becomes clogged with waste. The waste acts like poison. Disease germs get in your blood and dominate.

Don't let yourself get run down. Take that good tonic, Pepto-Mangan. It makes rich, red blood that will resist and rout out disease germs.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. Both have the same effect.

Sold at any drug store But be sure you get the genuine Pepto-Mangan--"Gade's." Ask for it by

the name and be sure the full name. "Gade's Pepto-Mangan," is on the package.

WOMEN CONTINUALLY OVERDO

This applies to all women, regardless of caste or color. The ambitious girl striving for school honors, the overworked housewife, the shop girl, girls in offices and stores and the society women, all climb too high, overtax their strength and what follows? Nervous prostration, sleeplessness, backache, headaches, and the inevitable weakness and ailments peculiar to their sex soon develop, which unless checked bring on more serious conditions, and which often lead to operations. An efficient restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which is now recognized from coast to coast as a standard remedy for woman's ills.

Ford
THE UNIVERSAL CAR

Every Ford Product a Helper

NOW'S the time to buy that Ford Car or Ford Truck or Fordson Tractor. Never were higher quality materials woven into these great utilities; never have prices been more reasonable, nor that dependable and excellent "After-Service" so complete.

Machine work is always more precise than hand work. The special tools and machines in our garage are the same as those being used and recommended because of their precision and time-saving qualities, by the Ford Motor Company. Our modern and up-to-the-minute equipment makes it possible for us to do any work on your car, truck or Fordson tractor from a minor adjustment to a complete overhaul. The promptness with which we do the work is a by-product of these specially designed machines and we charge only the reasonable Ford prices for your work.

If your Ford car isn't running at top-notch efficiency, bring it here to Ford headquarters--that's to us. One of our Ford mechanics will adjust or repair it for you with as little delay as possible. Keep your car in good condition. It's the most economical way.

DETECTIVES' TRIP PROVED FRUITLESS

Four Pittsburgh detectives made a trip to Monessen on Sunday, on a tip received that Thomas, the colored man who escaped from the Columbia hospital, Wilkensburg, had been captured in that vicinity. The message was sent over railroad wires to Pittsburgh and was received by a dispatcher on the Lake Erie, it is said, who informed the police bureau.

According to the story, some colored men at Rostover claimed to have arrested the suspect, and at once sought to notify the Pittsburgh bureau of police. They managed to get use of a railroad telephone, over which the message was sent, and which resulted in the detectives making the run to Monessen. It is said the trip proved fruitless. There is a reward of \$5,000 for the arrest of Thomas.

PENSION NOT FOR MOTHERS BY ADOPTION

That the mothers' pension fund law applies to mothers in fact and not to mothers by legal adoption is the opinion of Deputy Attorney General William I. Swone of Pennsylvania, in reply to a query raised by the director of the mothers' pension fund. It had been asked whether or not it would be possible for a grandmother who has adopted four orphan grandchildren to enjoy benefits of the pension law. The deputy attorney general said he was compelled by the plain interpretation of the law to limit its application to the "mothers of legitimate children" and children of the mother receiving assistance.

DOGS AN EXPENSIVE LUXURY IN BEAVER COUNTY

Dogs running at large in 1920 proved expensive for the taxpayers of Beaver county, the county commissioners being called upon to pay out a total of \$2,395.50 as a result of their depredations. Dogs killed 109 sheep, for which the commissioners paid \$1,196 and 105 other sheep were so mutilated that it cost the county an additional \$490. Two cows were killed, for which \$80 were collected, and \$17 was paid for chickens killed by dogs.

ALLIANCE WILL HOLD CONFERENCE AT WASHINGTON

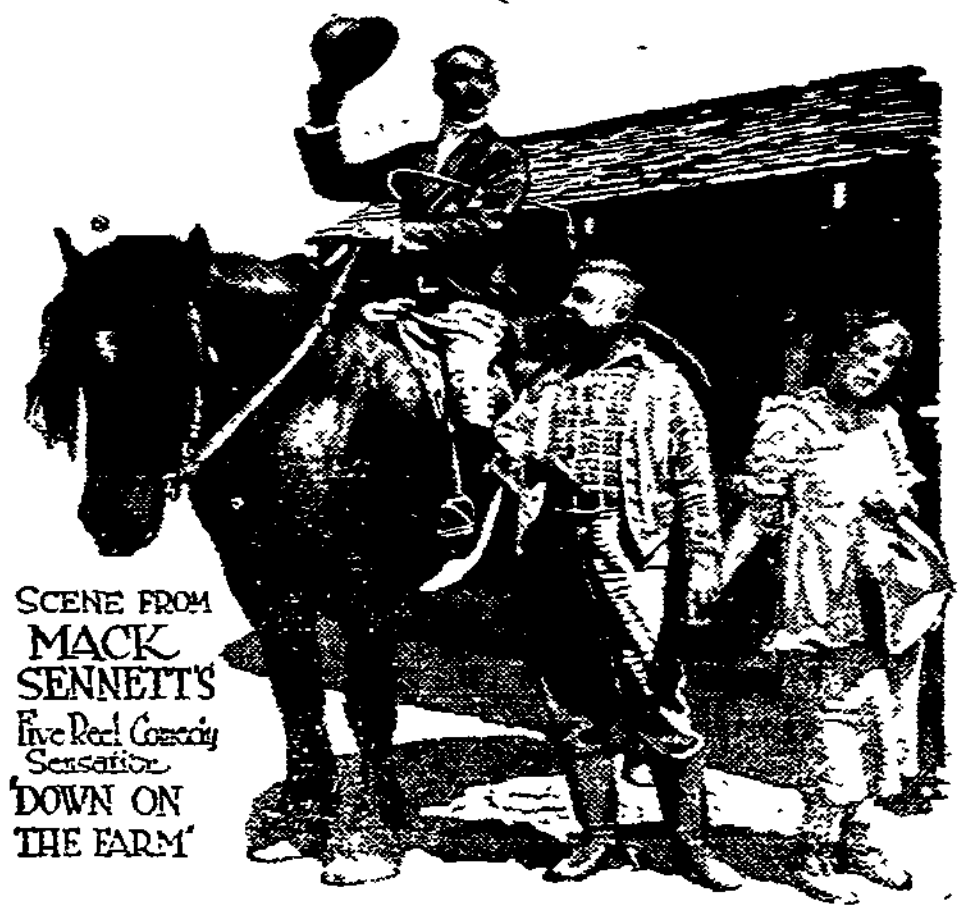

Members of the executive commission of the Presbyterian Alliance, Western Division, which includes all Presbyterian churches in the United States and Canada, will meet in Washington, Pa., next Wednesday and Thursday. The Eastern Division is composed of European churches. The entire alliance will hold a meeting in Pittsburgh next summer. The conference at Washington will bring together many prominent ministers and laymen.

Card of Thanks

We wish, through the columns of this paper, to thank the many friends and neighbors for the kindness shown us during our bereavement.

Mr. and Mrs. Daniel O'Rourke and Family. 213 1/2

The warden of Sing Sing has issued orders that prisoners must not wear silk shirts. As men of fashion long since turned them down, workmen will now be the only purchasers.

RECALL FATE OF FRANKLIN

Interesting Relics Recently Brought to Vancouver From the Land Where He Perished.

After being in the possession of the thirty natives of King William's land for three-quarters of a century, a large number of interesting relics of the ill-fated Sir John Franklin polar expedition have been brought from the frozen north by Joe Benard, who is here after a four years' stay along the northernmost coast of the North American continent, says a Vancouver (B. C.) dispatch.

Though priceless from a collector's point of view, the utilitarian value of the relics is negligible, and they were obtained by Benard for a piece of lumber worth possibly 20 cents on the coast.

A few brass buttons among the relics are believed to have belonged to the distinguished leader, though there is as yet no positive proof of this.

Benard also obtained a number of primitive scientific instruments used by the northern tribes. These will be sold to various museums and universities for which the explorer has been collecting ethnological specimens and data since 1910. He also brought a collection of furs worth approximately \$25,000.

Sir John Franklin, with 154 companions, sailed into the Arctic in 1845 to find the northwest passage, and was never heard of again. After many relief expeditions had failed, his fate was ascertained in 1859, when bleached skeletons were found on the trail to Hudson bay.

Top of the United States.

An aerial view of the top of Mount Rainier, the 14,500-foot peak of Washington, was recently made. The aviator was forced to make an ascent of three miles to get the picture, and the photograph shows one of the now extinct volcano craters.

The Rapidly Growing Bamboo Tree.

The bamboo sometimes grows two feet in 24 hours. There are 30 varieties of this tree. The smallest is only six inches in height, and the largest, 150 feet. Bamboo is a staple material of manufacturing utility in the Orient.

Too Much "Taboo."

William visited grandma, but was not permitted to touch the breakable articles in the house. At the arrival of his mother he said: "Let's go home, ma. Everything in this house is 'don't touch.'"

Class in America.

America is full of middle class folk who feel upper class and lower class folk who feel middle class, but there are no lower class folk who feel lower class.—Baltimore Sun.

Apples Baked by Lightning.

When an apple tree near South Norwalk, Conn., had been struck by lightning the apples left hanging on the tree were found to be baked.

Great Name Survives.

Of all the possessions of this life fame is the noblest; when the body has sunk into the dust the great name still lives.—Schiller.

Heart Trouble Not Fatal.

Heart disease is not the barrier to an active life of usefulness as has always been supposed, said Dr. Frederick Brush to the National Society for the Promotion of Occupational Therapy. Nothing is gained and much lost by telling cardiac patients not to work, not to carry, not to play, and so on. Under proper supervision the person with heart trouble can take a large part in active life.

Could Be Bought Off.

Alice was staying with her father one evening while her mother was away. The father, while reading, was wiggling the floor lamp and Alice spoke up: "You know mamma does not want you to play with that lamp." She waited a minute, then added: "If you will give me a nickel I won't tell her."

Seesaw Finish.

To try this method of covering the cracks in furniture soften beeswax until the consistency of putty, then press it into the cracks very firmly, smoothing the surface over with a thin knife. The surrounding wood should then be sandpapered with fine sandpaper, working some of the dust into the beeswax.

Greatest Man.

Leonardo da Vinci is considered by several competent judges to have the strongest claim to the title of the greatest man in history. He was the out-standing genius in the golden age of genius, the age of Shakespeare, Luther, Erasmus, Cervantes, Michael Angelo, Titian and Raphael.

The Magic Square.

The origin of the magic square is usually ascribed to the Chinese as the Yih King, an early classic, describes it. The magic square was known to the Hindus and to the Arabian astrologers.

Harmony.

What some men would like to know is why, if girls never put on long dresses now when they grow up, they shouldn't keep on wearing hair ribbons.—Boston Transcript.

Arabs Long on Handshaking.

When friendly Arabs meet their salutation is almost grotesque, for they shake hands seven or eight times, and sometimes repeatedly kiss each other.

And That Is Not Much.

Julius Tinkles says there have been some specimens of propaganda that you couldn't attach any more importance to than you could to a valentine.

Negroes Came Before Pilgrims.

Twenty negroes were brought to America in 1619. So the negro has been an American one year longer than the Pilgrim.

Meaning of Feverish Dream.

To dream you have a fever signifies that you will excite the envy of your friends; also difficulties with your lover.

Much in Little.

... style is that which ex-

The Deadly Arrow.

A mounted Indian or white man with bow and arrows sometimes could kill more buffaloes than a man could kill with a rifle, says the American Forestry Magazine. At close range the arrow was as deadly as the bullet. It made less noise, and arrows could be discharged four times as rapidly as bullets from muzzle loading guns.

Shoe Three Feet Long.

The latticed snowshoe resembles in a general way a large tennis racket, with the handle missing. The body of the shoe is two or three feet long and twelve inches or more wide at the broadest part, says the American Forestry Magazine. The rim is of ash, hickory or elm. The ski is made of beech, birch, maple, ash or spruce.

Atmospheric Action.

The atmosphere of the earth acts very much in the same way as does the glass of a greenhouse—it allows the rays of the sun to pass through, but imprisons the heat. Thus it is cooler on the top of a mountain than at the sea level, because, though the mountain top is nearer the sun, the atmosphere is much less dense.

Wonderful Vatican Library.

The Vatican library is the most sumptuously housed of all libraries, and contains some of the rarest manuscripts in existence. The printed books include over 2,500 volumes issued in the Fifteenth century, many of them vellum copies. The library is said to contain over 220,000 volumes and 30,000 manuscripts.

Divorce Notice.

In the Court of Common Pleas of Washington County, Pa., Marie Elizabeth Smith vs. William Stanley Smith subpoena sur libel for divorce No. 446 February Term 1920.

Notice To Respondent

To William Stanley Smith respondent in the above mentioned case: You are hereby notified in pursuance of the Order of Court of Common Pleas of said County of Washington, to be and appear in the said Court on the second Monday of February next, being the 14th day of the month, to answer the petition of libel hereto preferred by the libellant, Marie Elizabeth Smith your wife and show cause if any you have, why the said Marie Elizabeth Smith should not be divorced from the bonds of matrimony entered into with you agreeably to the Act of Assembly, in such cases made and provided. Here of fail not under the penalty of having said petition heard and a decree of divorce granted in your absence.
